WORK EXPERIENCE

Inspection Engineer   July 2025 - Present
Ornate Quality Services Private Limited, Noida, India
Working as Inspection Engineer at Ornate Quality Services Private Limited, where I specialize in quality inspections, compliance checks, and ensuring that products meet both client specifications and industry standards. My role involves working closely with suppliers, monitoring processes, and preparing detailed reports to support quality assurance and decision-making.

Machine Learning Intern   Mar 2023 - Apr 2023
YBI Foundation, Delhi, India
Worked as a Machine Learning Intern at YBI Foundation, where I gained hands-on experience in data pre processing, model building, and applying machine learning algorithms to solve real-world problems

Internship-cum-Training (Python with Django)   Aug 2021 - Oct 2021
Codekaro, Prayagraj, India
Completed an internship training on Python with Django at Codekaro.in, where I learned the fundamentals of web development, built dynamic applications, and gained practical exposure to backend development using Django framework.
